LITTLE JOHNNY SMILES

Why is little Johnny pleased?
Because he doesn't have to fill the coal-hod any more.

Is that all?
No. He doesn't have to fill the wood-box any more either, nor empty the ashes. You see, Johnny's mother has bought a New Perfection Oil Cook Stove. Instead of coal or wood, she burns Socony Kerosene Oil, and it costs her only six cents a day to cook for a family of six.

How nice for Johnny!
Look for the long blue chimney burner—that's what makes the New Perfection efficient and trouble-proof. The 1916 models have the new patented reversible glass reservoir and many other improvements. Sold in 1, 2, 3 and 4-burner sizes (by hardware, furniture and general stores) everywhere.

BRYANT'S POND

The ell connected with, and the two tenements in the old school building are nearly completed. James Ring will move this week to one of the tenements and another has been leased to Fred Farnum.

The annual Pythian Memorial, conducted by Fraternal Lodge No. 118, will be held on Sunday, June 11, at 1 o'clock p. m. Rev. C. G. Miller will deliver the memorial address, this part of the service being held in the Universalist church. The fraternity desires to announce that these services will commence promptly on the hour above mentioned.

"On to Victory," a two act drama will be given here Friday evening by members of the Woodstock High School. Webber's Orchestra will furnish music.

The heavy rain did not prevent a good attendance at the Memorial services last Tuesday afternoon. Some features of the program were unavoidably changed and necessarily the parade was omitted. The first of the exercises were held in the Opera house. This consisted of a drill by eighteen boys, under the direction of Capt. Morse. The fine appearance of the squad in their natty uniforms going through the various military movements would be difficult to improve upon. At the close of the drill an adjournment was made to the Universalist church, where the remainder of the services were continued under the direction of A. M. Whitman Post, G. A. R., in charge of Comrade James L. Bowker.

Mt. Christopher Co., No. 41, was present in a body, commanding officer, Capt. Gordon, also the Boy Scouts, scout master, Rev. E. H. Stover. General orders, issued by the Grand Army in 1868, were read by Rev. C. G. Miller. It was an occasion of much interest and one in which the teachers and members of the town schools came forward voluntarily and accepted an active and appropriate part in the patriotic service of the day. The address of Mr. Miller was fine and listened to with close attention throughout.

HAVE YOU BEEN SICK?

Then you realize the utter weakness that robs ambition, destroys appetite, and makes work a burden.

To restore that strength and stamina that is so essential, nothing has ever equaled or compared with Scott's Emulsion, because its strength-sustaining, nourishment invigorates the blood while its tonic value sharpens the appetite and restores health in a natural, permanent way.

Dr. Alfred King

Dr. Alfred King passed away at his hospital, Sunday evening of quiet pneumonia induced by an ulcerated tooth from which he had suffered several days.

Dr. King was born in Portland July 25, 1861, son of the late Marquis F. King and Frances Plasted King. He graduated from Portland High School in 1879 and the following year entered Colby College, graduating in 1883. He received his medical education from Bowdoin Medical College, taking his degree of M. D. in 1886. While still a senior student at that institution he was given the position of house doctor of the General Hospital when a sudden vacancy occurred. This appointment thus early in his career indicated the merit of the man. In 1890 he was made assistant surgeon and the following year, full surgeon, which position he resigned in 1907, when in acknowledgment of his valuable services he was elected a consulting surgeon and was on the staff at the time of his death.

He established in 1904 a private hospital in the Deering district. He was also consulting surgeon at the Webber Hospital and he served as City physician of Portland from 1887 to 1890.

He was not only interested in practice but in teaching and has done a great deal of the latter.

He was a demonstrator of anatomy at Bowdoin Medical School from 1897 to 1899, and after that held the positions of instructor and associate professor of anatomy, assistant professor of clinical surgery, lecturer on surgery, and finally professor of surgery. He had nearly completed his sixth year in the latter capacity.

Dr. King was a member of the Cumberland County Medical Society, the Maine Medical Association, the American Medical Association, the American Therapeutic Society and Fellow of the American Surgery Association.

Except for the term during which he was City physician, Dr. King thought always interested in public affairs, and lifelong Republican, never held public office. He frequently took an active part in political affairs.

He owned a large dairy farm in South Portland, and was one of the organizers of the Portland Farmers Club. For some years he has had a summer home in the south part of Paris where he has several farms, conducted on a large scale, and which as a rule, he visited twice a week.

He was a member of Ancient Land Mark Lodge of Masons, and of the Maine Consistory, a past master of Ancient Land Mark and was installed by his father, a Mason of great distinction in this state.

Dr. King was married on October 26, 1887, to Nellie Grace Pease of Waterville, who survives him. They have no children. He is also survived by a sister, Luella King, and two brothers, Warren C. King and Francis P. King, both of this City. He was at one time trustee of Colby College and took a great interest in the affairs of his Alma Mater.

"A. B. A." Cheques level the way for the traveler

These Cheques are particularly convenient for the motor tourist. Since they are accepted like cash by hotels, auto supply dealers, merchants and railroad companies, in payment of bills and services, the owner does not have to wait until banking hours before using them. The only identification needed is the countersignature of the owner in the presence of the person accepting the Cheques.

Dr. Alfred King

Dr. Alfred King passed away at his hospital, Sunday evening of quick pneumonia induced by an ulcerated tooth from which he had suffered several days.

Dr. King was born in Portland July 28, 1861, son of the late Marquis F. King and Frances Plasted King. He graduated from Portland High school in 1879 and the following year entered Colby College, graduating in 1883. He received his medical education from Bowdoin Medical college, taking his degree of M. D. in 1886. While still a senior student at that institution he was given the position of house doctor at the Maine General hospital when a sudden vacancy occurred. This appointment thus early in his career indicated the merit of the man. In 1890 he was made adjunct surgeon and the following year a full surgeon, which position he resigned in 1907, when in acknowledgment of his valuable services he was elected a consulting surgeon and was on the staff at the time of his death.

He established in 1894 a private hospital in the Deering district. He was also consulting surgeon at the Webster Hospital and he served as City physician of Portland from 1887 to 1890.

He was not only interested in practice but in teaching and has done a great deal of the late part of his life.

He was a demonstrator of anatomy at Bowdoin Medical School from 1897 to 1899, and after that held the positions of instructor and associate professor of anatomy, assistant professor of clinical surgery, lecturer on surgery, and finally professor of surgery. He had nearly completed his sixth year in the latter capacity.

Dr. King was a member of the Cumberland County Medical Society, the Maine Medical Association, the American Medical Association, the American Therapeutic Society and Fellow of the American Surgery Association.

Except for the term during which he was City physician, Dr

HEBRON.

Oxford Pomona.

Oxford Pomona met with Hebron June 5, with upward of 200 present. The meeting was called to order by Worthy Master McIntire. All officers were present except Chaplain.

Brother C. S. Hamlin was appointed to the chair. The roll call was responded to by eleven Granges, including visitors from other Pomona granges. A song by the choir and the work of conferring the degree of Pomona was taken up and a class of ten, all from Hebron Grange, was instructed. After this, dinner was announced and a recess of one hour was taken. A communication was read from Good Will Farm. It was voted to pay \$5 to the fund for the Grange cottage for girls.

Committee for field day to be held at the Agricultural grounds, Norway and South Paris: J. A. Roberts, C. S. Hamlin, L. A. Brooks. Meeting to be held August 9. B. Walker McKen is to be with Oxford Pomona in August.

A very interesting and entertaining program was given by Hebron Grange as follows: song; address of welcome, by Charles George; A. M. Ryerson responded in behalf of Oxford Pomona; reading, Marion Cummings; farce, "Getting Ready for Cousin Jedediah;" a short talk on farm credits, H. D. Smith, Norway Grange; reading, Elmer Marshall, encore; original song (words and music) written by Isaac Bearce, who was the first Lecturer of Hebron Grange, sung by a quartet; illustrated poem; reading, Fred Marshall. The tableaux were fine. Brother Marshall responded to an encore and gave "Hiram, the Shoemaker;" solo, Lida George, encore; question discussed—"What is the most profitable crop to plant at this season?" opened by Charles Cummings, Hebron Grange, followed by Worthy Master McIntire, Brothers Perham, Buck and others. Concluded, barley was a good late crop cured as a green oat crop, two bushels of seed to the acre, in drills or broadcast, was recommended by Worthy Master McIntire. The meeting closed in form to meet with Crooked River Grange, in July. If all the good farmers present could have been heard from many valuable features would have been brought out. The meeting was certainly a strong link in a long chain of meetings held by Oxford Pomona. Prof. Tesson was present during part of the session.

Waterford Flag Day.

The annual Flag Day exercises will be held at the Congregational church, Waterford, on June 16. This is the annual last day of school event for pupils and school patrons of the town.

There will be a change in the arrangement of the program this year. Arrangement have been made for securing two unusually good speakers for the forenoon session which will begin at 10:30 a. m.

Miss Florence M. Hale, State Agent for Rural Education, will speak on some phase of education. Judging from the universal interest taken in her addresses at the Bethel conventions in May, we have a treat in store, whatever her subject may be. She is employed by the Rockefeller Foundation and is doing a great work for the state.

Mr. Francis Wiggins of Portland, who served in the Sixteenth Maine Regiment in the civil war, will also deliver a talk on some phases of the civil war. He is a very appropriate speaker for the day.

Mr. Wiggins writes extensively on this period of the Union's history. He fought at the "bloody angle" at Gettysburg and later witnessed the actual surrender of General Lee. He is a very convincing speaker.

The part of the day's exercises usually furnished by the pupils in the forenoon will begin at 2 p. m. Diplomats will be presented to those graduating from school this year.

PEPSIN AND IRON—AND SARSAPARILLA

Finest Course of Spring Medicine.

Physicians and pharmacists have long known the desirability of combining iron—a superlative tonic—in a blood-purifying, building-up medicine.

The combination of the iron with Hood's Sarsaparilla has now been secured through the happy thought of prescribing Peptiron Pills to be taken in connection with the Sarsaparilla—one before eating, the other after.

In this way the two medicines work harmoniously and beneficially, each supplementing the other and giving a four-fold result in blood-cleansing and up-building.

Peptiron Pills also include pepsin besides iron,—note the name, Peptiron Pills,—and other tonics.

What better course of medicine can you imagine for Spring? You get blood-purifying, appetite-giving qualities in Hood's Sarsaparilla and great tonic properties in Peptiron Pills.

Buy these medicines today.

LOVELL

Cut Side of Foot Off. Clayton Littlefield got hurt in Fox's saw mill, Friday. He runs the board saw. After running the board carriage back he stepped over in front of it to regulate the guide pins to keep the saw straight in its cut. Just as it Littlefield got to work on them the drive belt that runs the saw broke and threw the guard board back into the feed line, starting the board carriage forward. He saw it coming and jumped across back of the saw as there was no other place of safety.

He got his foot caught under the truck on the carriage or hit it on the saw, no one could tell which. It cut the side of his foot off commencing just from the heel and taking a strip the length of the foot, taking off his small toe. It was a wonder he was not killed. Mr. Littlefield is getting along as well as could be expected.

PRIMARY ELECTION

To the Voters of Oxford County: Monday, June 19, is the day of our Primary Election for the nomination of candidates.

The Direct Primary Law is the people's law, giving them the opportunity to name their candidates for office. The politicians do not like this law and if the people do not take enough interest in who they have for candidates to attend the primaries, this law will certainly be repealed.

When I became a candidate for the Republican nomination for State Senator, I intended to make a canvass of the county, but owing to the extremely wet and backward season which brings planting and road building late into June, I shall be unable to do as I had planned.

However, I have only this I would say to the voters. Leave all personal friendship out of this matter and consider it as a cold blooded business proposition: First, which man in your judgment will be the best man for the county; Second, which one will be the strongest candidate and best for the Republican Party; Third, which one will best represent your personal interests. After considering all candidates for office on this basis go to the polls June 19 and do your duty as citizens and the result will be right, adv. G. W. Q. Ferham.

Bryant Pond, Me., June 6, 1916.

HARRISON.

Death of Hon. Geo. Edward Tarbox. The towns of Harrison and Bridgton were suddenly cast into mourning last Saturday by the sudden passing out of Geo. E. Tarbox.

Mr. Tarbox had an operation for appendicitis Thursday forenoon at his home and the doctors and nurses thought his recovery was safely insured, but a sudden change for the worse set in Friday night and he passed away at 10:30 a. m., Saturday.

Mr. Tarbox was born in Denmark, March 15, 1857, the son of Dominicus G. and Sallie (Paine) Tarbox. He has lived in Harrison many years where his honest, honorable, unselfish manner of living has endeared him to every one.

Mr. Tarbox was in the lumber business and was his father before him and his advice was often sought by those in trouble and he was never too busy to aid all who came to him.

He was ever on the alert to advance the interest of the town in which he lived as well as the state. Much of the success of the grand celebration of Harrison a few years ago was due to his untiring zeal and generosity.

Notwithstanding he loved the many orders with which he was connected, his greatest pleasure was derived in his home. He was a most devoted husband and father.

He leaves a wife, who was the daughter of Wm. K. Whitney of Harrison, one son, Chester D. Tarbox of Harrison and two grandchildren of which he was very fond, one sister, residing in Cambridge, Mass., two brothers, Wm. H. Tarbox and Wallace Reed Tarbox, both living in Fryeburg.

The funeral was Monday afternoon, from the Baptist church. The pastor paid the highest tribute to Mr. Tarbox as he had gathered them from the citizens and friends as well as from his own personal contact for years had proved. His worth at this time cannot be estimated. If I were to create a new world, it would be filled with just such beautiful characters as Mr. Tarbox ever manifested. His lips never spoke unkindly of any one.

The church was filled to its utmost capacity and the floral tributes were many and beautiful. All places of business were closed during the hour of the funeral. Many friends were present from different parts of the state and a large number of relatives including the two brothers and the sister.

Mrs. Emma Thurlay, who has rented her home for the season to Boston parties is housekeeper for Prof. F. E. Bristol.

The Rev. Mr. Twitchell of the Wood-fords Congregational church will preach next Sunday morning at the Congregational church here. In the afternoon he will deliver the baccalaureate sermon at North Bridgton before the Bridgton Academy graduating class.

Fred and H. Ricker and Delle Lord motored to Portland Bay.

She leaves her husband and a daughter, Ethel Haskell, who resides in New Hampshire, and a son, Ralph, who resides in Massachusetts, besides more distant relatives in town.
